I am Entropy the Destroyer...

I am Entropy. I pervade the Universe. I am **DISORDER**, decay, dissolution, destruction. I am the eventual destroyer of everything...

I am a dent in the fabric of entropy.. My essence is **ORDER**. I am Complex, I am Organized, Energy maintains me. Always I am Whole, complete, whether of Material and/or Immaterial Things. ***I am SYSTEM***.

I am fusion, forge of new things, I am energy.... ***I am Sun and I am System***. I am spinning spheres orbiting a star. I am ***Planetary System***. I am many stellar systems, all rotating around an axis. I am ***Galactic System***.

I am **Organism**. I am **Complex, Organized, Whole** of **Material and/or Immaterial Things—I metabolize, I reproduce...I am System**

I am Intellect. I conceive of a complex, organized, complete **Something**. I am **organic System** perceiving conceptual **System...a real, complete pattern of thoughts in my mind.**
